

SLOPE TABLES

This section contains conversion tables for Slope Ratings from 83 through 155. Consult these tables to establish the course handicap you will use for each round of golf. The tables are applicable for both men's and women's Slope Ratings and may be used at any course with a USGA Slope Rating. To use these tables:

- Find the Slope Rating for the set of tees you will be playing (the ratings are in the course directory section of this website or are available at the club).
- Find the appropriate Slope table below or at a chart posted at the course.
- Find the appropriate range for your index.
- Read straight across the table for the course handicap to which you will play.

For example, if your index is 18.1 and you're playing a set of tees with a 120 Slope Rating, you would find your index in the range of 17.5 to 18.3 and see that you play to a 19 handicap. If you were playing from a set of tees with a 135 Slope Rating, your index would fall in the 18.0 to 18.8 range and you would play to a course handicap of 22.

DID YOU KNOW?

Whistling Straits - Straits Course, host of the 2007 U.S. Senior Open, has the highest recorded men's 18-hole Slope Rating in Wisconsin at 151 from the black tees. The highest men's Course Rating is at Erin Hills Golf Course in Erin, host of the 2008 U.S. Women's Amateur Public Links Championship, from the back tees is 77.7. The highest Women's Slope Rating from the forward tees is at Big Foot Country Club in Fontana with 135 and Milwaukee CC in Milwaukee and Westmoor CC in Brookfield, share the highest women's course rating with 74.1.
